ABOUT ME

My name is Recep Dogan. I am from Turkey. I have been living in Switzerland for two and half years. I am very passionate to learn new things. When I came to Switzerland I had no knowledge in English, IT and German. However last year after completing A2 German course I got B1 German certificate without having B1 German course. After that I focused on learning English and IT. I tried to explain below what I did in a year about IT and English.

CERTIFICATES

University of Michigan, Coursera;

- Introduction to HTML5 certificate
- Introduction to CSS3 certificate
- Advanced Styling with Responsive Design certificate
- Interactivity with JavaScript certificate
- React Js certificate

Georgia Institute of Technology;

- Write Professional Emails in English

University of California, Irvine;

- English for Effective Business Communications

Preply ;

- 210 hours of lesson.

MY SELF STUDY

IT

- I completed a 10 months web development course at Hicoders.
- After completing the course I developed a full stack web application.
- Apart from doing Hicoders assignment I did some small projects while watching youtube videos and I have repositories on my github account.
- I am about to complete the course about Amazon web services as you recommend.
- I have been working as a mentor voluntarily at Hicoders for 2 months. It helps me to improve my knowledge while helping others.

English

- I took 210 hours of lessons from Preply to improve my speaking ability.
- I completed the BUSU application.
- I also completed some courses from coursera.
- I borrowed so many story books from Kanton's library. I read from each level (A1-C1) min. 5 books.
- I completed Cambridge grammar books
